Face coverings

Face coverings must be worn in places of worship, unless you are exempt. This is now law.

Summary

It is important that during this time all places of worship continue to provide hand sanitiser at points of access and egress, there should be stewarding and managed social distancing within the church space and that full cleaning of the space should be done immediately after the church has been in use.

The time that people are in the church should be minimised (so the use of liturgical choices should reflect this, including a short homily, the omission of the prayers of the faithful and any other permitted mitigations) and the church must be well ventilated even during the liturgical celebrations. There should be no congregational singing as part of the liturgical celebrations and if a choir or cantors sing, the choices of music should be such that the exposure time is not excessively prolonged.

It is very important to encourage all who attend our churches to abide by these covid security restrictions and to protect themselves and those around them. It is also an opportunity to thank those who clean and steward our churches for their generosity of service to the local community.

Parish Mass Stewards To remain "Covid Secure" we must have Stewards at every Mass to register Households and wipe down pews. Please sign up in Narthex.
